

LIVE AT THE RANGELAND STEPPES JAZZ HOUSE

With appearances by:

GRUFF GOAT
JAZZ TRIO

THE GOBI
GO-GETTERS

ELLA
"THREADBETTER"
BROWN

Melodies smooth as cashmere

THE HOME PLANET PLAYLIST: SUSTAINABLE CASHMERE PROJECT

You've heard of cool cats — now let us introduce you to the Gobi goats. Goat herders needed to keep a beat on the Gobi Desert's rangelands to keep their goats healthy. NASA's Sustainable Cashmere Project used satellite data to find how weather, climate, and grazing harmonize and created models that give herders the low down.
