

A satellite view of Earth showing the Western Hemisphere, including North and South America, the Atlantic Ocean, and the Pacific Ocean. The image is centered on the Atlantic Ocean, with the Americas on the left and the Pacific on the right. A dark horizontal band is overlaid across the center of the image, containing the text.

# **UN BIODIVERSITY LAB** | Homework 2

## Reflect on how you/your organization could use a **UNBL workspace** to help with your projects:

---

1. Based on the functionalities we explored today, **how** do you think you/your organization could use a UNBL workspace to support your projects?
2. **What members of your organization** would most benefit from access to a UNBL workspace (e.g., non-GIS savvy stakeholders, community groups, government employees, etc.)?
3. **What functionalities** would you like to see in UNBL in the future?

A satellite-style image of Earth's oceans and landmasses, showing various shades of blue for the water and brown/green for the land. The image is used as a background for the text.

## Instructions:

---

1. Please submit your response to the question to our experts at [support@unbiodiversitylab.org](mailto:support@unbiodiversitylab.org) with the subject “**Homework Assignment 2: UNBL Advanced Lab 2**”. You must submit Assignment 2 by 18 May to receive your certificate.
2. *Optional:* Use your twitter to tweet your thoughts with hashtag [#UNBiodiversityLab](#). Tag [@NASAARSET](#), [@unepwcmc](#), and/or [@NBSAPForum](#) for a chance to be featured!
